

Bishop Confirms Results Of Port District Meeting

Consulting Engineer Asks For Area Freight Traffic Breakdown

L. R. Bishop, secretary of the Palm Beach Port District, confirmed the results of the port board meeting two weeks ago in Riviera regarding construction of local port and dock facilities here through a letter this week.

Junius Harris, chairman of the chamber of commerce port committee, read the letter before a meeting of chamber of commerce directors in the chamber building Tuesday night.

Bishop said that the port authority intends to start on the project in 1952 and that the work done during the year will depend entirely on the funds derived from the sale of revenue bonds and the proceeds of the sale of the property of the corporation of the corps of engineers, department of Army.

R. E. Hotard, chamber president, presented an incomplete report of the freight tonnage moving in and out of the area on the request of H. C. C. consulting engineer of the port district.

In a breakdown Hotard reported freight coming into the city by rail during 1951 was 766 (Continued on Page 4)

Cabbage And Celery Leads Produce Volume

Cabbage, which is bringing good prices, and celery lead the produce shipment volume this week by rail, R. E. Hotard, chamber president, reported.

Rail loadings for the week ending Wednesday night were:

March Of Dimes Nets \$1,135 Here

Ray Whitlock, area chairman of the March of Dimes, reported that drive proceeds for the city, South Bay and Lake Harbor totaled \$1,135.38 in the entire county Thursday.

In a breakdown of the Belle Glade and South Bay Lions Clubs sponsored drive, he said local proceeds included \$450.19 received from the March of Mothers, an individual donation and March of Dimes came placed throughout the city in public places; Lake Harbor women contributed \$303.90 netted from the ham supper given last week and South Bay March of Mothers received \$176.78.

Proceeds from the March of Mothers in the Okeechobee Labor Camp totaled \$122.44, according to Rev. G. E. Peterson, Harvey Poole and St. Elmo Greau, drive chairmen. Poole said that 35 mothers participated in collecting \$87.50 from the camp and \$24.75 from Everglades Vocational High School students and faculty.

"I want to thank the women of the several communities for getting behind the drive and cooperating to make it a success," Whitlock said.

The Woman's Club under the direction of President Mrs. E. Continued on page 4

Business School Enrollment Open Here

J. E. Arno will continue his stay here through next Friday to qualify and enroll local persons in the Extension Business School.

The school is nationally so noted for training persons in business that it has been the subject of much interest in the community.

Arno should contact him by writing him through general delivery.

Exhibitors Showing Early Response To Everglades Fair

With about two weeks remaining before the Everglades Fair Feb. 25-March 1, to be sponsored by Everglades Legion Post 20, 58 exhibitors have reserved space, N. B. Willis, fair committee chairman, said this week.

Because of the early response for exhibit space, three tents in addition to the Legion Hall will be devoted to the exhibit area, Willis said. One of the tents will be complete to livestock displays. Space has been reserved for FFA and 4-H competitive animal and poultry exhibits, nine school displays, fair exhibits of Glades communities and looking exhibits.

Cups and cash prizes will be awarded the outstanding school exhibit and the best vegetable, animal and other competitive displays, Willis said.

The Royal Exposition fairway will include shows and rides and no "gyp" concessions will be allowed on the grounds, Willis stated.

MRS. FOY TO SPEAK ON VOCATIONAL PROGRAM

Mrs. Mary Foy, manager of radio station WSWN, will speak on "Radio" on the Vocational Guidance Day program at Pahokee High School Monday afternoon.

Tuesday she has been invited to speak at the Professional Woman's Club meeting.

Body Of Driver Is Dragged From Water Hole Here

The body of Lamar Edgar Gray, 28, Pahokee was found about 5 p. m. Monday in a water hole about 2.2 miles north of here on SD 15, according to Florida Highway Patrolman Valton Sheffield.

The body was removed from the cab of pick-up truck resting upside down in about 30 feet of water, after the patrol had dragged the hole.

Discovery of the body was made when a farmer working in an adjoining field noticed the wheels of the truck which had been sheared from the axle, floating in the canal, and called the FHP, Patrolman Sheffield said.

Gray's truck evidently had hit the curve in the highway at that point at too high a rate of speed, left the road and overturned in the canal, the officer said in reconstructing the accident.

Giving a verdict of death by drowning, Coroner George A. Williams released the body to the Berry Funeral Home, Pahokee, for burial.

Gray was married to Mrs. Gibb Gross and Constant Ray Whitlock assisted in the investigation.

27 MEN ORDERED TO REPORT FOR MEDICALS

Mrs. F. W. Quinn, clerk of the draft board office, reported this week that 12 local registrants and 15 transfers have been ordered to report for medical examinations Wednesday.

She said they are to report at the draft board office in the Johnson Building on Main Street promptly at 9 a. m. for roll call before leaving for Miami by bus.

News Of Glades Boys And Girls In The Service

Serving in the Far East aboard the radar picket destroyer USS Higbee is Charles P. Peacock, fireman, USN, son of Mr. and Mrs. C. P. Peacock of Belle Glade.

A former student of Oneco High School at Oneco, Peacock entered the Navy in Dec. 1950.

Now on his third tour of duty in the Korean combat zone, the Higbee is operating with the anti-aircraft and submarine screening force of carrier Task Force 77, and the UN Blockade and Escort Force.

Since the beginning of UN participation in the Korean crisis, the Higbee has served the Far East Naval Forces almost continuously.

Results Of Straw Ballot Tues. Favor Existing Hours

Liquor Establishments Will Operate Under City Hours; Not County Hours

Ending a controversy, which apparently divided the city into groups with opposing stands on city closing hours for liquor establishments, the returns of a straw ballot election Tuesday showed a majority vote approving the existing hours.

G. E. Evans, clerk of the election board, reported 354 ballots favoring the present hours, 191 cast for the county hours and 12 spoiled ballots. He said a total of 557 ballots were cast from 1953 registered voters on the city books.

The election board voted the ballot in the city court following the poll's closing at 7 p. m. Tuesday. Approximately 15 persons awaited the returns in the court room.

Election board inspectors for the special election, voluntarily stationed by Donald Kirchman and Mrs. Lawrence Besant and Mrs. C. E. Maynard.

The election board will close in accordance with the hours set by ordinance which was passed several weeks ago on request of a delegation appearing before the city commission. The hours are open every day from 8 a. m. to midnight except Saturday when they are allowed to open at 8 a. m. to 1 a. m. Sunday. Sunday they are closed all day.

County hours which were voted out setting 7 a. m. to 2 a. m. every day except Sunday when the hours are from 2 p. m. until midnight.

DWIGHT ROGERS ASKS WAYS AND MEANS COMM. AID IN SOIL LOSS

Despite his exuberance over the fact that he has no democratic opposition, our Congressman finds time to attend to the many requests of his constituents.

A compilation of the advantages which the county has to offer, the booklet includes every municipality and community within the county. It is the culmination of more than six months of planning and research, according to Bernard Coley, chairman of the board of special booklets committee.

Expecting an eventual nationwide circulation of 60,000 copies of the booklet have been ordered, RDB President Bernie Bengel said.

Mr. Rogers has asked the Ways and Means Committee of the House to take cognizance of this and make provision for proper allowance, and is very hopeful of some concrete action.

BURT ROEMER MOTORS TO OPEN TODAY

Burt Roemer Motors, Pahokee, under the ownership of B. A. Roemer, local contractor, will open today.

Formerly Lake Shore Motors, it will be the agency for Plymouth, Dodge and Dodge trucks for the western half of the county.

The agency will have a completely equipped service department under M. M. Conway, and a new Dodge and Dodge trucks for the western half of the county.

Mr. Conway is general manager, Roemer said.

LAMAR ALLEN SPEAKS AT LIONS CLUB MEETING

Lamar Allen, past president of the West Palm Beach Lions Club and assistant manager of the Resources and Development Board, was guest speaker at the Lions Club meeting Wednesday night in the Legion Hall.

Allen, recently appointed manager of the Palm Beach County Exposition this year, Allen said that the Glades agricultural exhibit is usually one of the show highlights and that he hopes it would be as outstanding as usual this year.

He said that the RDB political booklet entitled, "The Palm Beach County Story," included the story of the Glades and other county communities. Over 60,000 copies have been printed, Allen said, and are now on the news and magazine stands.

Complimenting the local chamber of commerce, Allen said that judging from the comparatively short time which the club has been organized, there, it has accomplished more than any other in the county.

President Herman Close reported that the club will sponsor two shows by Birch, the Magician, Tuesday in the high school auditorium. He said there will be a matinee performance and one starting at 8 p. m. Proceeds will go into the swimming pool fund. One of the acts will be Birch escaping from a box constructed by the Glades Appliance Corp. The box is now on display at Glades Appliance, Close said.

Mr. Whitlock, March of Dimes chairman, reported on proceeds of the area drive.

RDB Co. Booklet Reaches Public

Combining the area's highlights of agriculture, industry, resorts and climate, the "Palm Beach County Story," a pictorial booklet published by the County Resources and Development Board has been distributed to local concerns and persons in the area.

The booklet is available in book stores and on news stands.

A compilation of the advantages which the county has to offer, the booklet includes every municipality and community within the county. It is the culmination of more than six months of planning and research, according to Bernard Coley, chairman of the board of special booklets committee.

Expecting an eventual nationwide circulation of 60,000 copies of the booklet have been ordered, RDB President Bernie Bengel said.

Boy Scout Roundup Scheduled Thurs.

New scouts will be branded as the annual Boy Scout Spring Roundup program and banquet comes to 73rd annual night in the Belle Glade High School auditorium.

A. E. Kirchman, chairman of the South Glades District, will present the opening address to the assembly of Scouts, clubs, parents and friends.

Starting the program, an honor guard of Scouts will enter the auditorium with the flag followed by Cub Pack 22 and scout troops in numerical order.

The opening exercises will include the salute to the flag and the singing of "God Bless America."

Cubs will recite the "Boy Scout Promise" and Troop 8 will demonstrate fire building.

A scout executive from West Palm Beach will present the awards, and Roscoe Bradlock will direct tenderfoot investiture ceremonies.

Concluding the program, the scout executive will play "Taps."

George Royal Re-elected Director First National Bank of Palm Beach

George L. Royal was among the directors of the First National Bank in Palm Beach re-elected to the board of directors.

Wiley R. Reynolds, Jr., was re-elected president and other directors returned to office were Harry Wood Bassett, Cameron, J. E. Easman, Page Huffer, C. J. Kimball, Walter Scott Lewis, Byron L. Ramsing, Reynolds, Jr., Ralph B. Wagner, J. Kenneth Williamson and Bert Winters.

Steer Feeding In Glades Recognized As Stable Future

Paul Thompson Begins Steer Feeding Operation In Glades

"The Glades, I am sure, is destined to become a much larger center of beef production" stated Paul Thompson, former President of the National Cattlemen's Association, and wide-experienced feeder and cattle man.

Shying away from publicity as such, Mr. Thompson agreed to allow use of his name as one who is entering the beef production industry of South Florida under a twenty-year plan.

Comparison with general areas along the entire eastern shore of the Mississippi River, and covering a twenty-year experience.

The nitrogen content of the mud soil is high, and the content of your grasses and the ability to graze year-round, are assets not to be lightly considered in the beef industry," he said.

Continuing, Mr. Thompson emphasized the necessity of feeding minerals to the animal's ration, either in the grasses or whatever other supplementary practices are necessary.

Mr. Thompson is a graduate of Purdue University where he worked in the animal husbandry department, as a financial help, and received his post graduate experience as an assistant of a large brokerage firm on the Chicago market.

"In the early thirties," he answered a price query, "a pen of my steers topped the Chicago market, which was some accomplishment."

He said that the price of beef was 74c. There must be an adjustment from today's price levels which are bolstered by the present day trend, but I can see no abrupt adjustment downward as long as our economy is turned as it is now.

"The smaller operator," Mr. Thompson warned "must be watchful for the time of adjustment and be prepared to weather it thru."

Mr. Thompson is preparing to begin immediately on improvement of the 1280-acre Baker tract lying a couple miles west of Two-Mile Bend and lying between two major roads, U. S. 41 and U. S. 441.

Grassland, fencing and water control will be instituted as well as being able with an economical operation.

In the meantime, Mr. Thompson is continuing his operations around the Lake by grass fattening herds with local feedstuffs.

He entered the Armed Forces in 1947. He resigned from service, he returned to this city. Mr. Williams was elected City Commissioner, November 1947. He resigned his municipal post in November 1948, after he was elected (Continued on Page 4)

COTTILLION CLUB POSTPONES SAT. DANCE

The Cottillion Club dance scheduled Saturday night at the Municipal Auditorium has been postponed until Feb. 23, club officers announced.

STANDING ON A SOAP BOX FOR

County Solicitor County Solicitor T. Harold Williams Tuesday qualified for reelection to the County Post.

Born in 1907 at Lake City, Fla., the son of Mr. and Mrs. T. H. Williams, he was educated in Lake City schools and was graduated in 1925 from the University of Florida where he earned his law degree.

Upon graduation, he opened a law office in Hartsville, S. C., but in 1938 moved to this city to enter private practice.

He entered the Armed Forces in 1942 and served for 37 months with the U. S. Coast Guard.

He was re-elected to this city. Mr. Williams was elected City Commissioner, November 1947. He resigned his municipal post in November 1948, after he was elected (Continued on Page 4)

SOUTH BAY VOTES MON. FOR BOND ISSUE

South Bay voters approved a special bond for a loan of \$12,000 to finance the new city hall under construction at an election Monday.

Mrs. G. J. Bastow, city clerk, reported 108 ballots favoring the bond and eight opposed. The count showed 116 registered freeholders voted out of 137 on the books.

The city council is negotiating for a long term loan on a monthly payment plan. Payments will be made out of the general revenue fund and no special tax will be levied for the purpose, Mrs. Bastow said.

Members of the election board were Mrs. G. J. Bastow, clerk, Mrs. A. B. Barnes and Mrs. I. P. Roberts, inspectors, and S. J. Fisher, deputy.

C. A. Chase Heads Glades Division Of Fla. P and L

Curtis A. Chase was appointed manager of the Glades Division of the Florida Power and Light Company effective Feb. 1, R. D. Hill, Eastern Division manager, said this week.

Chase is well qualified for the position having 18 years experience several of which he spent in the operating department where he managed substations.

He was transferred to the commercial department in West Palm Beach and in 1939 was moved to the Glades District where he has been handling all of the industrial activity in the district.

His only service break was when he was called into the army where he served four and a half years under the rank of captain.

Chase is a graduate of Lehigh University where he received his degree in electrical engineering. He has been active in civic activities and is a member of the Lions and Elks clubs in Pahokee. He and his family are members of the Episcopal Church.

P. P. deMoya has been appointed division assistant of the (Continued on Page 4)

R. J. BLANK TO SPEAK ON EX. STATION PROGRAM

R. J. Blank, manager of the County Resources and Development Board, will speak on the recent trip to Washington concerning increase in kennel central, the effect of kennel and other factors on the economy of Southeast Florida on the Everglades Experiment Station program Saturday morning.

The program is scheduled at 11:15 over station WSWN.

Glades State Prison Farm Nears Completion Of First Building Phase

(Editor's note: This article was written by Philip M. Rockwood, an inmate of the Glades State Prison Farm.)

In spite of construction delays due to shortages of materials, the first goal of the building program for the Glades State Prison Farm is nearing completion.

Within a matter of weeks, the housing for the entire inmate population will be completed and the basic buildings will be properly occupied.

Under the direction of Superintendent M. C. Greene, the Farm is completing ahead of schedule, the first phase in the modernization of the entire institution.

By Spring, both white and colored will be occupying their respective completed dormitories.

Local Land Owners Meet With Control District And Engineers Monday

C. S. Jones Enters Commission Race

Effort To Coordinate Pressing Needs With Facilities And Money Available

R. E. Hotard as President, joined by Henry Earwood and R. Y. Creech Co-Chairman and the Area Flood Control Committee, of the local Chamber of Commerce will participate in the sponsored discussion between Glades land owners, the Central and South Florida Flood Control District officials and the U. S. Engineers as to methods of facilitating the overland flood control program in tune with studied wishes of land users, at the Legion Hall, Monday afternoon beginning at 2 p. m.

Chairmen of each of the areas within the watersheds of the four main canals, West Palm, Ft. Pierce, St. Johns and Miami, will discuss with the meeting those works which have been decided by previous meetings of landowners and the U. S. Engineers as to the most desirable to the use of the lands and the priority of need.

The Central and South Florida authorities have expressed a desire to hear from landowners and interpret the needs of the practical way to coordinate work on needed projects in proper priority with the money and authority provided by Congress.

The U. S. Engineers are indicating by their presence at the meeting their willingness to "consider the landowners' desire to interpret the money and authority allocated to the line with those desires."

So, the local Chamber arranged committees and meetings to allow landowners to discuss among themselves just

HIDDEN TROUBLE SPOT
On some governmental level a small dot of the inconsequential is excluding from vision the most important and imperative safety measure in Florida.

Last year after continued accidents and fatalities at the perilous Six-Mile Bend bridge, the populous was aroused over the eminent danger existing at the curve for trucks who cross the Federal Highway 41 during the rains. People here believed that the 90 degree curve over one lane bridge crossing an intersection of two canals invited disaster for those visiting here and those who reside in the area and travel the bridge constantly.

At that time concrete action consisted of telegrams from the chamber of commerce, the Resources and Development Board and Rep. John Bollinger to the State Department pointing out the hazard spot. Action was short coming in the form of words from the four bridges in the section at Lake Harbor, South Bay, Six-Mile Bend and Canal Point were placed in the 1951 budget.

Now that 1952 is here and nothing has been done on any of the bridges, people here realize that the budget placement was nothing more than an empty, quieting gesture. Again the bridges are included in the 1952 budget if that means anything. It is our purpose to discover if there is a meaning and to smoke out the trouble spot.

Meanwhile 15 additional accidents have occurred at the bend since Feb. last year causing nine injuries and property damage amounting to \$14,205, according to records at the Florida Highway Patrol District office in Pahokee disclosed by Lt. H. L. Simmons.

These accidents are the only ones recorded. There have probably been many mishaps there which aren't in the records. It would be interesting to discover the number of times the repair crew has replaced and patched the mutilated bridge. These would conceivably average one a week.

In the two preceding years up to Feb. 1951, the death toll was five and property damage amounted to over \$100,000, according to a survey of the chamber of commerce.

In spite of the mounting disaster and money literally thrown into the canal every additional week the bridge exists unaltered. Lethargy on some level has stalled a correction. The Governor's Safety Council conducts big state meetings, safety notices pour into the office and everyone continues to deplore the state's highway death toll in plaintive voices. But the number one death trap in Florida remains the same. Why we are wondering.

Is the stalemate on a state or county level? This we intend to discover.

VETERANS' INFORMATION AND SERVICE

By Melvin T. Dixon
State Service Officer

Did you know that under conditions similar to those for out-patient medical treatment, eligible veterans may be furnished out-patient dental treatment at Government expense?

For out-patient dental treatment, the dental condition must be determined by VA to have been incurred in, or made worse by, the veteran's service before treatment can be authorized; or, when treatment of dental condition is necessary for the relief of service-connected physical disability. Also, a dental condition will be treated when determined as necessary to prevent interruption of vocational training under Public Law 16, 78th Congress.

In the event that the veteran is found to be entitled to out-patient treatment for a dental condition at Government expense, an examination will be authorized to determine the need for treatment. Where VA facilities are not available, the veteran may select an authorized dentist of his choice.

Korean veterans are entitled to the same dental benefits as those of World War II, and care should be taken to see that evidence of dental condition will be available when needed. Therefore, I want to urge returning veterans to take a dental check their dental condition as soon as they are discharged if they have any dental trouble or treatment in service, and to file a claim without delay. I know from experience that it is difficult to get VA approval of some of these dental claims.

GLADES STATE PRISON

(Continued from page 1)

far side of the 'H', is fully occupied by the colored men. The cross section contains the dining quarters, the commissary and the medical and dental department, as well as the nearly completed, white inmate dormitory.

Throughout the building units is evidenced modern architectural planning for specific purpose and anticipated growth and expansion. The absence of many locks

and jangling keys gives the Glades State Prison Farm a unique distinction. The average visitor, seeing men in blue and gray going about their daily work, is universally impressed by their seeming freedom.

The methods of supervision are deceptive of the close custodianship and observation in effect. Few are competent to grasp the modernness of this method. The appearance of the buildings, themselves, appear deceptive of their real purpose.

It is not an uncommon occurrence to have strangers drive up to the Farm offices and inquire as to the type of enterprise represented by the buildings, as seen from the highway.

Across the driveway from the entrance to the main buildings, is the head office structure. Recently completed, it is an up-to-date, two story edifice. In it are the offices of the Superintendent Green, and the Business Manager, L. C. Baldwin.

These two offices open off of a spacious reception hall. There is also another room for the records and clerical staff. There are laboratories for the executives and the staff. The second floor is devoted to a Board Room for executive meetings. The entire building is conditioned by an air-out-sized blower system.

Free realized that agricultural activities of the Farm is big business in western Palm Beach County.

The agricultural objective of the Glades State Prison Farm is to supply as much produce as possible to be used in other state institutions.

Supplies for large units of the State as the State Prison at Raiford, the Hospital at Chalmers, the State Police, the State Road Department, as well as the correctional plants at Manatee County and in other parts of the State.

Another pointed objective is the breeding and raising of higher bred cattle. Farm goal is to be able to completely supply most of the institutions with their entire beef requirements.

These modern buildings are representative of the progressive prison farm administration and are part of a long range development plan.

Dr. Marston to assist in Methodist program

Dr. Frank Marston, pastor of the Grace Methodist Church at Jacksonville, Illinois, will assist Rev. E. L. Holladay, pastor of the Community Methodist Church, in the religious mission here which will soon be underway through the People's Church.

Dr. Marston's church has a membership of approximately 1,300. He was born in Manchester, England, and attended Hamilton College of Law and Garrett Biblical Institute. In 1928 Illinois Wesleyan University conferred an honorary degree upon him. He has had wide experience in evangelistic preaching and personal work. Rev. Holladay said.

The local congregation is preparing lists of prospects for church membership and plans are being made for visits to the homes. Rev. Holladay said.

Dr. Marston will conduct special services at the church beginning Feb. 17.

STUDENTS GRADUATE FROM RED CROSS COURSE
Pins and certificates were awarded last Friday night to those women and high school girls who completed the recent Red Cross course on Home Nursing. Exercises were held in the High School library with Mrs. Roy Litchfield instructor of the classes making the presentations.

Mrs. Bowdenstein, who is associated with the T.B. Association gave a talk on Tuberculosis. Films on both T.B. and Venereal diseases were shown. Other guests of the evening included Mrs. Allison and Miss Lillian C. Smith, who are with the Red Cross in West Palm Beach. Also present were the women of Pahokee who took the same course of study in that town.

Local women to complete the course include Mrs. Wilma Warren, Mrs. M. Gies, Mrs. M. Corbin, Mrs. J. Dell, Mrs. R. Hubner, Mrs. E. L. Burkes, Mrs. M. Gee, Mrs. E. W. Scheffer, Mrs. J. A. Carden, Miss M. Carden, Mrs. E. A. Wolf and Mrs. A. B. McCormick.

wife. She did the very best she could, but she didn't have the establishments and devices at hand to assist her. I think how much easier her existence would have been with a dependable, modern shopping and drugs center such as the Glades Drug Store.

A lot of deep thinkers have been fumbling with their crystal balls and muttering, "1952 is the year you'll find out what year isn't."

If you've decided that you want the best in modern prescription service available... then come in to see us. You can't get better service than we are skilled and trained to give you the most prompt and efficient service possible. We're here to serve and we hope you'll call on us at GLADES DRUG STORE.

SOUTH BAY BEAN CITY LAKE HARBOR

Mr. and Mrs. J. M. Jackson of South Shore Plantation are in LaGrange, Ga. visiting his mother.

Mrs. William Blackwell and son spent the week in Naples visiting Mr. and Mrs. James Grant and family.

Mr. and Mrs. Y. E. Smith of Lake Harbor have as house guests his parents from Tallahassee.

Mrs. Mary G. Hession of Pikeville, Maryland is visiting Mrs. M. K. Wright for a few weeks.

Mr. and Mrs. Glenn Hess of South Shore Plantation have as their house guests her aunt, Mrs. Ada G. Coffey and a friend, Nease Nair of Pennsylvania.

Mr. and Mrs. M. K. Wright has as recent guests his sister, Mrs. Ida McDowell and husband of Stewartstown, Pa.

Mr. and Mrs. Court West of Wendell, Idaho, are house guests of Mr. and Mrs. W. Matheson from their former home town.

Mrs. Eric D. Hartline has returned home from several weeks of convalescence from the hospital.

Don't try to carry the load of financial risks against you by fire, windstorm, theft, burglary, accidents, liability, suits, etc.

When you have a loss, you want the matter cleared up in a jiffy, with a minimum of mental anguish to you. You want to shift the burden to broader shoulders than your own. Let us anticipate this possibility for you by writing the right America Fore policies to cover you against all such losses.

Your losses may be months or years away, but, meantime, insurance will give you mental peace that is worth far more than it costs you.

Mrs. Norman Dalrymple returned home from the Belle Glade Memorial Hospital last week convalescent from her recent illness.

A negro taxi driver from Belle Glade side-swiped the row of pine trees between South Bay and Belle Glade Saturday. The whole side of his taxi was torn off but he was uninjured according to FHP J. P. Bertland.

Kenneth, son of Mrs. Ned Perkins, had the misfortune to fracture his shoulder last Wednesday and had to be taken to a specialist in West Palm Beach for treatment.

Mr. and Mrs. E. J. Carlton, Mrs. Cecil Perkins before their marriage Jan. 24 are at home at her home in Lake Harbor.

Mr. and Mrs. Glenn Hess of South Shore Plantation have as their house guests her aunt, Mrs. Ada G. Coffey and a friend, Nease Nair of Pennsylvania.

Mr. and Mrs. M. K. Wright has as recent guests his sister, Mrs. Ida McDowell and husband of Stewartstown, Pa.

Mr. and Mrs. Court West of Wendell, Idaho, are house guests of Mr. and Mrs. W. Matheson from their former home town.

visit among kinfolks at Round Mountain, Alabama.

Mr. and Mrs. H. C. Jones of Princeton are rejoicing over the birth of a daughter on January 27. Mrs. Jones is the former Miss Betty Willis, daughter of Mr. and Mrs. H. C. Willis of South Bay.

Mr. and Mrs. Larry Hedge of Brazil, Indiana were guests of Mr. and Mrs. Clayton Waters recently.

Mrs. Aubrey McCallister is visiting her grandmother, Mrs. Cora Marlowe after spending several weeks with her parents, Mr. and Mrs. Paul Touchstone in Fort Myers.

Mrs. S. V. Westrick of Hutchinson, Kansas and Mrs. Wm. Ross of Sidney, Ohio are visiting their brother and sister-in-law, Mr. and Mrs. W. M. Jeffries. The two sisters met in Memphis, Tenn. last week and took a sightseeing trip down through New Orleans and other intervening points before coming to the Glades. Mrs. Ross is joining Mrs. Westrick for a vacation in Palm Beach.

Mrs. O'Neal Walker, son Gary, Betty Miller and Pauline Walker are going to attend the Tampa State Fair this week. They will visit Mrs. Walker's mother, Mrs. Tom Jacobs, and her grandparents, Mr. and Mrs. J. J. Gennard.

Ira M. Davis is on a business trip to Atlanta.

Wm. Myers of Grand Rapids, Michigan, is vacationing in South Bay and has purchased a lot in the Fisher addition on which to build a winter home.

Mr. and Mrs. Walter Burrey of Lantana announce the birth of a son, Alan Lee. The Burrey family were early pioneers of South Bay.

Mrs. Marvin Miller, Sue and Charles spent Friday to Sunday with her parents, Mr. and Mrs. A. B. Barnes. Dick and Billy joined the family for dinner Sunday and all returned home together.

Rev. E. L. Halford of Montgomery, Ala., former pastor of the South-Bay Baptist Church, will speak at the mid-week prayer service this week.

Mr. and Mrs. Melvin Rich of Lake Worth announce the birth of a son, Randy Clark on Jan. 28. Mrs. Rich was formerly Miss Catherine Burney, daughter of Mrs. Signe Burney of South Bay.

REV. PURCELL CONDUCTS BAPTISMAL CEREMONIES

Rev. James N. Purcell, pastor of the South Bay Baptist Church, administered the rite of baptism to six persons in a ceremony in the ocean off Jupiter Sunday.

The group left after the morning church services and took a picnic dinner to eat on the beach.

Those receiving the rite were Mr. and Mrs. W. N. Murphy,

George Murphy, Rebecca Woodham and Mr. and Mrs. Robert J. Brock.

LAKE HARBOR GIVES MARCH OF DIMES SUPPER

A benefit ham supper was served by the women of Lake Harbor Friday night at the school for the March of Dimes assisted by practically all the women in Lake Harbor who either donated toward the supper or assisted with the preparation and serving.

Serving started at 6 p. m. and continued until 9 p. m. with many people coming from adjacent communities. Mrs. McLeod estimated that 350 plates were served and that \$302.50 was netted for the March of Dimes fund.

MARCH OF MOTHERS NETS \$135 IN SOUTH BAY

The March of Mothers at South Bay Wednesday night netted the sum of \$135 for the March of Dimes fund.

Mrs. Clayton Waters, Mrs. fra M. Davis, Mrs. Sam E. Henderson, Mrs. Anne Driggers, Mrs. Esther Walker, Mrs. K. L. Lockmiller of South Bay, Mrs. John L. Evans and Mrs. Jay Smith of Beach City made the march starting at 6 p. m.

All residents had been requested to be at home after 6 p. m. with their porch lights lit if they wished to contribute. The response was very gratifying. Mrs. Waters stated that the negro subdivision was covered by the colored school teacher.

MARIE SMITH, HONOREE AT SURPRISE SHOWER

The social event of the week in South Bay, was a surprise party supper honoring Marie Smith, bride of Seaman 1/rayford Smith of Beach City, now with his ship USS St. Paul in Korean waters.

Hostesses were Mrs. John L. Evans and Mrs. Billy Rogers. The American Legion Hall was decorated for the occasion with twining ferns over the windows and around the pillars.

The buffet table was laden with a yellow orchid corsage. The bride and white and gold. The bride's table was decorated with a yellow orchid corsage. The bride and white and gold. The bride's table was decorated with a yellow orchid corsage.

The buffet refreshments table was centered with a bridal cake flanked by bouquets of roses and lighted tapers.

The bride entered to the strains of Mendelssohn's Wedding March played by Mrs. Verda Mathewson and was met with showers of rice from the assembled guests. She was presented with a yellow orchid corsage. Mrs. Jay Smith, mother of the bridegroom, was also presented with an orchid corsage.

Mrs. O'Neal Walker sang two vocal solos, and Miss Dolly Rutledge presented a piano number.

Guests were entertained with five pantomime scenes from the first year of marriage, each one presented by a group of guests under a group captain.

Mrs. D. N. Partain was winner of the door prize.

The honoree assisted by her husband's mother opened and displayed the gifts of household linens, kitchen ware, dishes, silver and ornaments.

Individual cakes, coffee, nuts and mints were served and each guest was presented with a miniature sweet-heart rose corsage.

Attending were: Mrs. E. E. Dasher, Mrs. S. M. McCallister, Mrs. Jennie Gamble, Mrs. K. L. Lockmiller, Mrs. R. B. Woodham, Mrs. E. A. Hall, Mrs. Mary McCann, Mrs. G. J. Barlow, Mrs. Clayton Waters, Mrs. S. E. Henderson, Mrs. Mary Mathewson, Mrs. J. W. Mathewson, Mrs. H. C. Willis, Mrs. Ruth Miners, Mrs. Frances McAllister, Mrs. Melvin Herring, Mrs. Alfred Vadasz, Mrs. W. M. Jeffries, Mrs. Leon H. Willis, Miss Hazel Prevatt, Mrs. J. K. Willis, Mrs. I. M. Davis, Mrs. Ethel Jackson, Mrs. F. B. Willis, Mrs. C. A. Armstrong, Miss June Ratley, Mrs. C. E. Critchfield, Mrs. D. N. Partain, Mrs. Carroll Warren, Mrs. K. L. Warren, Mrs. Billy Price, Mrs. Cora Marlowe, Mrs. D. L. Shiver, Miss Dolly Rutledge, Mrs. O'Neal Walker, Mrs. J. F. Prevatt, Mrs. H. C. Willis, Mrs. Edna Walker, Mrs. R. J. Brock, and Mrs. E. J. Cross.

CLEWISTON PLAYERS PUT ON THIRD SEASON PLAY

The Top Ten players in Clewiston opened Thursday night with "The Heires," the third production of the current season. This group, which was founded by former University of Miami Ring Theatre student, Hatcher Owen, is now in its second successful season and already this year has produced

"Invitation to a Murder" and "Claudia."

The "Heires" stars Barbara Bixby as Catherine Sloper, A. Perez plays Dr. Sloper, John Herbert is cast as the fortune teller, and Miss Towns and Olive Slinger plays Aunt Lavinia Penningman. The supporting cast includes Ruth Boardley, Hazel Post, Helen Esplenlaub, and Margie Stevens, all newcomers to the Clewiston Stage. The production is under the direction of Barbara Bixby.

NEGRO NEWS

VICTORY ART CLUB HOLDS MEETING FRIDAY

The Victory Art Club met Friday night with Mrs. Susanna O'Neal serving as hostess.

Announcements from the state president of federated clubs were read and plans were made to promote the program locally.

The president, Mrs. Louise Taylor outlined the work for each department chairman. She urged that all art work be exhibited at the state meeting in June. This should be ready by March 1, she said.

Members pledged financial support of the Red Cross drive and agreed to contact those living in their blocks.

The club voted a donation to the March of Dimes drive.

MISS CRECH SHOWS DOLL AT UNIV. OF MIAMI

Miss Sara Crech spoke on her creation, the Saralee colored doll, before the human relations department of the University of Miami last week.

Telling how the idea for the doll began here, Miss Crech pointed out that the doll was the effect of building a closer relationship and understanding between the races.

Daisy M. Murrell accompanied Miss Crech to the university as representative of the Fifth District Congress of Colored PTA and the Belle Glade Inter-Racial Council.

During the stay they were guests of George Washington Carter High School where Miss Crech gave another demonstration of the doll.

COLORADO PTA CONGRESS TO MEET IN ST. PETE

The Florida Congress of Colored Parents and Teachers will meet in St. Petersburg, Florida, February 14th, 15th and 16th. Second Bethel Baptist Church, 10th and 8th Avenue South.

The 1952 meeting, celebrating "The Silver Jubilee," is the twenty-second year of the State organization. Also honoring the Founders, Mrs. E. B. Baker and Mrs. M. J. Blocker of Jacksonville, Fla., and Mrs. D. E. Williams, State Supervisor of Negro Schools, the latter having served in this capacity for twenty-five years.

Mrs. Elizabeth M. Espy, State President, is asking for a large delegation from all P.T.A. Units.

The feature of the Convention will be "The Work-Shop." A training course for Parents and Teachers in P.T.A. program in cooperation with schools and in Child Welfare. Outstanding persons such as Mrs. Mamie Williams, Vice President of the National Congress of Colored Parents and Teachers, and Mrs. E. B. White, President of the Georgia Colored Parents and Teachers, will serve as instructors.

On closing night, February 15th, the Annual P.T.A. Banquet. A special program will be given, honoring honored guests; also prizes will be awarded, winners of the Art Exhibits and for additional membership in P.T.A. Units.

The Pinellas County Parents and Teachers Council and P.T.A. Units are making many preparations for entertainment of the Convention. The largest delegation is history is expected.

New Bethel Baptist Church

Rev. W. Porter, Pastor

We are grateful to say that we are on the way repairing the church and improving both spiritual and financially. Every member seems to have a determination to do more this year.

Sunday School was opened with the association Supt. O. W. Ward and approximately 100 students.

Rev. T. K. Kennedy, pastor of Lake Harbor Baptist Church was in charge of the morning service. The sermon was delivered by Rev. Coney of West Palm Beach. Following this Rev. Kennedy baptized two candidates.

3 p. m. Pastor Porton and members motioned to Sand Cut to render service. Evening worship was opened

with a spiritual devotional service. The sermon was delivered by pastor, Monday night "The Five Blind Boys" entertained us with their songs.

All members are urged to attend the church's general business meeting Friday night, Feb. 8. You are welcome to attend our services all day Sunday.

East Lake School Pahoee

We were very happy to have had three of our elading members on the Palm Beach County Board of Education to visit us during the week. Namely, Mrs. A. H. Brewer, our County Supervisor for Colored School, Mrs. Clara Capron, our County Supervisor for all schools, and Mr. Henry O. Farwood, a member of the Trustee Board.

The members of the P.T.A. met in a monthly meeting Monday night, Jan. 4. A very successful meeting was conducted by the president, Mrs. Pauline Stokes. Business of importance was carried on in order. Mrs. T. Clark, Secretary and Mrs. Pauline Stokes, President were elected to represent in the P.T.A. Council meeting which will be held in St. Petersburg, Florida, Feb. 13th and 14th.

FARMERS' INCOME LESS NOW THAN IN 1947

"Some of our city friends think farmers are getting rich, but their net income is less than it was back in 1947," declared John Ford, executive vice-president of the Florida Farm Bureau in a statement issued recently.

This is particularly alarming to agricultural people because other groups are making more money than in 1947," the statement continued.

"We'd like to quote the following U. S. government statistics, as compiled by Jim Roe in Successful Farming, a nationally-known farm magazine," Mr. Ford wrote:

"Industrial wages and salaries have increased from \$122 billion in 1947 to \$145 billion per year.

"Corporate profits, after taxes, moved upward slightly from \$19.1 billion to \$22.1 billion.

"Government spending increased from \$28.8 billion to \$42.1 billion.

"Farm operator's net income from farming dropped from \$17.8 billion to \$13 billion.

"Inflation and rising costs, certainly should be the concern of us all, but let's not blame an innocent section of our people," the Farm Bureau official concluded.

As from Feb. 1, 1952 —

BEFORE YOU INVEST IN ANY FINE CAR... COME DRIVE THIS

CHRYSLER V-8 ENGINE!

Whether you plan to buy a Chrysler or not, we cordially invite you to drive this new Chrysler V-8 engine. Only Chrysler V-8 engine can give you what you want in a car. This is the only V-8 engine in the world that has been designed to give you the performance you need for years to come. Today it delivers 160 horsepower, even on non-premium fuel, and when desirable with simple changes in manifold, compression, and carburetion the horsepower can be raised to 200... or over 300, as in the experimental Chrysler K-310 car. Naturally, others will imitate this Chrysler achievement, at least in part. We honestly believe that the Chrysler V-8 engine will outperform any other car in America... and we invite you to hear the new standard in engine performance. Chrysler has set by driving it yourself.

organization will be admitted to the show grounds upon presentation of their membership or identification cards.

The program for "Fresh Fruit Day" and "Florida Citrus Mutual Day" will include demonstration of various methods of sale with complete reproduction of a terminal auction with commercially-packed manifests of 12,000 actual bushels of fruit from all parts of the country.

Again, this year, the Exposition will feature a contest for the best commercially packed boxes of all varieties of citrus fruits with awards going to growers. This prize-winning fruit will be sold at auction with the proceeds going to a charitable cause.

Girls from all over the state are entering the 1952 Exposition queen contest to be held on Monday and Tuesday, Feb. 18-19, with a prize list for the queen and her court of six valued at more than \$15,000.

HOBSON ANNOUNCES SEMESTER HONOR ROLL

Frank O. Hobson, principal of the Belle Glade High School, announced the list of students with semester honors this week.

Twelve girls, honored with honors, Jerry Barry, Catherine Friedheim; honor roll, Anne Baldwin, Jackie Royals, Brian Manning, Donna Norris, Joan Tedder, Jackie Miller; honorable mention Johnny Price, Jeanette Price, Virginia Price, Joe Leavitt, Beville Mobley, Bobby Hooker.

Tenth grade: honor roll, Wanda Mackey, Joan Rabin, Pat Weaver; honorable mention, Lika Humphries, Bobby Kent, Ronald Jones, Carolyn Earwood, Joyce Brown.

Ninth grade: honor roll, Suzanne Forsee; honor roll, Patsy Hobby, Cherry Corbin, Curtis Thompson, Jane Morris, Gwen Byron, Jeanette McDonald; honorable mention, Charlotte Morris, Angelyn Vickery.

Eighth grade: honor roll, John Thompson, Mary Oliver, Karen Allison; honorable mention, George Farnall, Dorothy Irwin, Glenda Dell.

Seventh grade: honor roll, Mary Frances Elder, Dan Jones, David Prewitt, Charles Royal, Sue Van Laney, Mary Kay Young, Johnny Thome, Bertha Haucom, Alma Ann McClure, LaPaule Clark, Janice Johnson, Jeanne Jones; honorable mention, Veronica Pike, Louis Friedheim, Kenneth Sand.

HIGHER GOALS FOR FEED CROPS IN '52 ARE SET BY USDA

The U. S. Department of Agriculture has sounded the call for more feed crops of all kinds for 1952. That Florida farmers will respond as usual is the firm belief of H. G. Clayton, director of the Florida Agricultural Extension Service.

"Revised goals recently announced by the USDA call for 15 percent more corn on 6 percent more acreage, 26 percent more grain sorghum on 7 percent more cotton on the same acreage; 7 percent more potatoes, both yield and acreage; and all the hay and other feed crops that can be grown on available land," the director says.

For Florida the 1952 goals call for 650,000 acres of corn, 200,000 acres of grain sorghum, 85,000 acres of cotton, 26,300 acres of potatoes, and 10,000 acres of sweet potatoes.

The state's 1951 acreage of corn was 600,000, of cotton 180,000, of grain sorghum 180,000, of potatoes 26,300 and of sweet potatoes 10,000.

"Fortunately, Florida farmers can increase production on each acre as well as by planting more acres," Mr. Clayton points out. "Now, as preparations are being made for the planting season, is the time to plan to use seed of improved kinds of the common crops and to fertilize and cultivate them better," he adds.

The director points out that Florida's corn yields last year averaged just under 18 bushels to the acre, and a considerable increase in production could be obtained by raising average yields, even to a slight extent.

"The country is going to be somewhat short of feed during 1952," he concludes, "and this naturally will have an influence on the meat supply."

DAN MCCARTY CALLS FOR CEILING ON TAXATION

Dan McCarty, Fort Pierce candidate for governor, told Duval County voters here Thursday that there must be a ceiling on taxation if our system of government is to survive.

Speaking at a big night meeting, McCarty said that all the tax payer asks is honest government based on sound principles.

"There must be an end some time to rising taxes," he said. "Business must be permitted to operate on some semblance of freedom and at the same time assure full justice to labor."

"Moral honesty is just as important as legal honesty," he said. "We must return to this old-fashioned principle. It is only then that we can eliminate waste and extravagance and expect greater service, efficiency and economy in government."

McCarty in his first public appearance here since qualifying as a candidate said, "I have steadily refused to let my hands or to compromise the principle of honesty in government."

He declared that during his former campaign he absolutely refused to accept contributions from racketeers and gamblers.

"I submit this fact as proof that I was sincere in conducting a honorable campaign for the governorship," he said. "Since we closed the door to these elements four years ago, certainly there can be no basis for their support now. I intend to keep my self-respect and remain worthy of the respect win or lose, of thousands of citizens who have evidenced their faith in me," he said.

McCarty brought his campaign to Duval County after a two weeks' tour of North and West Florida, which political observers described as "most successful and significant." The Fort Pierce candidate said the crowds in that section in size and enthusiasm exceeded his fondest expectations. "I found a willingness on the part of the people to pledge their support to a campaign based on clean, economical and efficient government," he said.

FAIR TO FEATURE SHORT HORN CATTLE SHOW

There are 58 entries filed for the open (inter-state) Short-horn cattle show which will be a feature of the Florida State Fair on Thursday, Feb. 14.

It will be the first open Short-horn show ever held at the big state exposition, and one of the largest ever held in Florida. Ranchers entering their registered Short-horns will come to Tampa from all over Florida and other southern states.

Dairy cattle will be shown the first week of the fair and beef cattle will feature the second week. Judge of all cattle, except Brahman, will be Dr. H. H. Kildee, retired dean of Iowa State College. John C. Burns, Fort Worth, Texas, will judge Brahman.

Angus and Santa Gertrudis will be judged Tuesday, Feb. 12; Brahman and Hereford, Wednesday, Feb. 13 and Short-horns, Thursday, Feb. 14. Louis Gilbreath, Ocala will be superintendent of the beef cattle show; Jim Schenck, Largo, the dairy cattle show; and O. F. Goen, University of Florida, the swine show.

J. C. Huskinson, assistant fair manager who directs all agricultural and livestock phases of Florida State Fair, said many

phone 2097

phone 2097

phone 2097

phone 2097

county exhibits are being ramped for the 52 event, which runs from Feb. 5 to 16.

FLORIDA STATE FAIR TO OPEN ON TUESDAY

The Florida State Fair opens in Tampa on February 5 and, according to P. T. Strider, fair manager, it will surpass all past fairs in feature attractions.

Strider has lined up a number of new and interesting grandstand attractions which he has seen on his tour of the other big expositions throughout the nation and Canada.

Strider, who has been in the fair business for 51 years, said that he plans to have Willie West and McGinty, a comedy team which has been featured in numerous movies and television shows. This will be their first Florida appearance.

The electrical exposition sponsored by the Tampa Electric Company will take up 38,000 square feet and all of it has been rented for this year. Included will be the General Electric House of Magic and Crosley television shows. Other features include radar cooking ranges, which cook without heat.

The flower division will rate top, says Strider, due to increased activity in flowers in new displays.

The women's department will have more space than in previous years with plans calling for increases in all displays and the addition of a number of new displays.

The art division, which will be under the direction of Norman Borchardt of the University of Tampa, will have a number of new displays. Included will be a series of pictures from the Canadian Exposition and a number of exhibits owned by the Chicago Tribune. Strider acquired the newspaper-owned display through a recent trip through the Midwest.

General repairs and the usual painting are almost completed and all the buildings are in A-1 condition. The recent warm weather has permitted work to progress with few delays and Strider is confident that the fair grounds will be in perfect shape to receive the huge crowds from February 5 to 16.

FERTILIZER PASTURES FOR HIGHER PROFITS IN BEEF PRODUCTION

Best prices being what they are today, every pound of meat added to cattle in Florida means much more money in the pockets of stockmen, and good pastures are one of the secrets to fast and economical gains, according to Russell Henderson, agronomist with the Agricultural Extension Service, University of Florida.

"The best way to insure large quantities of high quality herbage on improved pasture lands is through proper fertilization and February is the month to apply fertilizer," Henderson reported.

On grass pastures a 6-6-6 similar fertilizer should be broadcast at the rate of 400 to 500 pounds per acre on mineral soils and 300 to 400 pounds per acre on a 0-8-24 or 0-12-16 on peaty and mucky.

Cattle should be removed from pastures prior to fertilization and returned only after fertilizer has been washed into the soil by rain or heavy dew, the agronomist stated.

Good grazing management calls for rotational grazing, where possible. It is important for maximum grass production, not to overgraze.

Henderson recommends maintaining grasses on established pastures between the following heights for best results: Carpet 2 to 6 inches, Common and Pensacola Bahias 2 to 8, Dallas 3 to 10, Coastal Bermuda and Pangloss 3 to 15, St. Augustine 3 to 10, and Para and Carib 12 to 24.

Although more than a million acres of permanent pastures have been planted in Florida during the past 13 years, more is needed to feed the growing number of cattle in the state.

Proper fertilization will cause pastures to produce more grass and therefore help overcome feed shortages," Henderson says.

"FAIR" PRICE SET ON WHITE POTATOES

When the housewife buys white potatoes now, she is assured that the price she pays for this major food item is a fair one to her, to the grower, to the distributor, to the shipper and to the farmer who grew the potatoes, according to John E. Need, acting district director of the South Florida Office of the Federal Food and Drug Administration.

Price Stabilization.

Two new amendments, AMENDMENT 10 to Ceiling Price Regulation 10, and AMENDMENT 19 to Ceiling Price Regulation 10, together with the recently issued CPR 113, complete the price structure for white potatoes. Need said. The amendments are designed to pass on to the consumer the benefits of stabilized wholesale white potato prices which were established November, January 21, and CPR 113.
